Day 2 Page 1

Today was pretty good. Well let me tell you something I had a dream last night that I talked to that Irish girl and she was very friendly. It was a full dream all she did was just say hello and I said hello back. Well that was the dream.

Today I was walking through the hallway and I saw her talking to her friend. I tried to join the conversation. When I walked next to them all I really know ~~about~~ what to talk about is guys and cars. So I am not the best with talking to girls but atleast I tried. I was talking to her friend and told her that she never heard I talked to ~~her~~ me so her friend told her to talk to me. She said hi to me in a very awkward way and I said hi back. She probably thinks I am just a weirdo who likes her but I am more than that. I am a really loving person. I am a gentleman to girls. I always hold the door for girls. I really want love. I know I keep saying that but that is what I really want to cure me from these fucked up thoughts of mass murder. Even since I've had these thoughts my behavior is more aggressive than it has ever been. I get really pissed when people treat me as a captive to the next page →

DAY 2 page 2

monday december 14, 2015

As I was saying my behavior is
very fucking vile and which people fuck
about with me I am not I
fucking heady wimp. anyway I know
how to shut up for my fucking self
now. there is this fucking kid in
my eighth period class who keeps fucking
with my hat and that is the type
of shit that makes me think more
and more about tephah day. I went off
today in class on those two fucktards
who are friends with the piece of
fucking shit who keeps messing with
my fucking hat. they don't fucking
know how angry I fucking am
and what makes me want to kill this
fucking piece of fucking shit even
more is when I went off
on them. I said listen if you don't
stop with that fucking shit I will
get fucking pissed. And they just fucking
laughed they should be fucking worried
for their fucking life. fucking
idiots don't you fucking idiots know
not to mess with that weird kid
in class there are no fucking
if tephah day ever comes I will
make sure to fucking kill both
their fucking bitch asses. I fucking
hate school and lots of fucking kids
that go to school. There were some good
paper about ~~that~~ today. I got to hang
out with my good friend, Chris. so I
will just see what will happen tomorrow
at the worst place in the world at a school

Day 3 Tuesday December 15, 2015
Page 1

School was really fucking boring today well we had exams today and it made things worse my gladder
suck dick and I know I failed all the exams that I took so far 2nd year school me and my good friends Chris Webb + Rob 2 pub up to webster today I was going for a jogging hole with Chris as we were getting ready these two black fucktards had to roll down their window and said put on a fucking shirt because I was shirtless and it set off a certain page what was supposed to be a pub but had to be pulled by these two fucking idiots
Thanks for making me stop fucking piss off shit I want to fucking **KILL THEM!!!!** it pissed me off to a whole new extreme
The pub went fine but when we went to Webster I saw that Chris girl and her boyfriend it made me mad. And then some dude asked me to put on a shirt it ticked me off a bit but I have no hate towards Webster and the people working there that told me to put on a shirt. I feel like a fucking idiot that had a small rage inside
Wonders Oh fucking well... Next page

Day 3 Page = Tuesday December 15 2015

You know what it's time to go and
I see how you know a girl
that's always in the mall but
she always was older than
me anyway my dumb wish
is to get a girl friend
that's been a year and a
half or looking for a girl
it's not fair I want a girl
my life is full of rage without
a girlfriend ever. I just get more
and more frustrated people always
tell me I am too picky when
it comes to girls the only type
of girls I like are girls
that are the only ones who
understand me that is my only
wish to get a piece of my girl
and I am a freak all I like
are girls and killing I am not scared
of anything in 2017 it's the life of
terror day if my wish does not come
true I am afraid that I might
move on to a new place I just
want to sleep for eternity and
never wake up if I get a
girl I will be able to
live through this world but I
have to do it before January 13
2017 or else I will have the
most awful I will ever have on
the marriage shoot I might as well
have some fun if I am going
to die and I want to have the
most fun ever **TERROR DAY!!!!**

Day 3 page 3 Tuesday December 15 2015

I am still writing there is more
stuff I want to talk about there
one like Paul Gurr I want to
carry out the attack with shotgun
with fully automatic pistol a light
machine gun a 264 a sniper rifle
to shoot people in cars on the
street during the school shooting
I want to be the worst school
shooter in America if I do
the attack I am still not
100% sure I want to do this
but I want to be the worst
school shooter in America worse than
Columbine, Virginia Tech, and Sabaynook
I want to beat their kills the
only fucking problem is how do I
get those illegal ass weapons
of mass destruction the question
is I don't really know I thought
of the deep web but it's too
shady don't want to risk that so
I think I might have a friend
that knows a friend that might
have weapons I can purchase the only
problem is how do I get money
which I think is I might get a
job at Papa John's I need to
save up like 1000's of dollars
This attack is going to take a
shitload of planning and I am going
to have to hide it from my parents
oh it's going to be a hard ass mission
one slip up and I can end up like a
that dumbass Jared Castro I am not going

Day 15 P2901 Sunday December 27 2015

Sorry I haven't written for a
few days I was really busy
hanging out with friends my future isn't
looking to bright I have almost
all of my school I just have page
in me I don't know why I
want to kill people I think that
will help my race I think I
might just do the attack alone
there is no point to living
anyway I'm lazy I don't do any
work I want to die but in
a big way I will have the
most fun in my whole life just
being on a rampage in the school
so much fun that I will
blow my head off with a shotgun
the only downside to the high school
massacre is that I will not
be about anymore oh this shitty
place filled with assholes I am
a little scared about the suicide part
of the massacre I am afraid it
will hurt not for I scared I been
gobs when I get them it will be
all over I want to do the massacre
the only problem is the one you
know suicide I'm not going to lie
I am a little scared to do it
will I go to hell oh will it hurt
be black that I will sleep forever
it is going to be fun I
think when you kill yourself you feel
the worst part for half of a
second but it's not over I will be dead.

Day 15 Page 2

Sunday December 27 2015

I am pretty excited for the new
Yeah I will be 16 and I will get
2 drivers license and maybe I
might have a girl by then her
I do have some plans to try to
get a girl they might work and
if might fail I like to think
that it will succeed but you
never know if I do get a girl
I will be happy and then
day will never happen then
will be so fucking brutal
I will attempt to be the
worst solo gunman of all time
I will be so infamous I might
inspire some more school shooters
I want to destroy the whole inspire
people to be mass shooters if
you are reading this right now
and you are bullied or feel left
out or just filled with rage kill
murder cause as much chaos as
possible I want to destroy the world
kill everyone ~~except~~ except one girl
so I can reproduce create a whole
new world filled with people who like
each other be bullies just friends
no broken just friendly people that
is my master plan but I know
thought that will happen I will just
be another school shooting with a
mentally ill white kid but if I did
shoot up my school and then
is public and take media this go
on the news and kill as much as you can

I havent wrote in this notebook in
2 10h 2m time

Today is August 13 2016 My mom
found my pipe you know for smoking weed
out of here it fucking sucks dude
I need to change the date on the
school shooting though I'm going to
do it senior year I don't know
the date but I will march I don't
know if I want to shoot up my
school to be honest I'm scared
to kill myself but I hate lots
of people I still want 2 girlfriends
remember when I said in 2016 I
will try to get 2 girlfriends she
2 job never fucking happened I'm
2 loser always will be I haven
do good in school teachers hate me
always get bullied by students when
the point why not just kill
yourself there no point of living
I always get intimidate by my parents
all I do is smoke no point of living
my outfit for the massacre is
almost done just here to get three
more things black canvas pants tactical
suspenders the black military boots
that's it my life sucks I want
to die
